Adobe Photoshop, Adobe Illustrator

### EDUCATION

Ivan Franko National University of Lviv  
Faculty of Applied Mathematics  
and Computer Science  
Bachelor in Systems Analysis  
2012 - 2016

### BASICS

Acquaintance with programming began at the university with Assembler, C++, C# and SQL. But when I first interned for a full-stack job, I managed to work with the frontend part and its subtleties. I want to realize my interest in frontend development and develop in an advanced IT field. I have a desire to improve my skills - learn new ones, improve acquired ones. I dream of creating interesting and useful projects in progressive friendly team.

Participate in Open Source projects:

-  RunIt
-  Codebattle

Graduated from the Hexlet School of Programming as a frontend developer and implemented four educational projects:

-  Brain Games
-  Difference Generator
-  RSS Reader
-  Slack chat
